Product Features:	Product Benefits:
5% Calcium, 0.8% Phosphorus	Provides supplemental calcium to otherwise calcium deficient diets
Adequate phosphorus for growing animals without being excessive	Optimizes animal performance while addressing environmental concerns with manure management
100% vitamin and trace mineral fortified	No need to feed extra mineral supplements to meet requirements; fortified to optimize performance and support overall health
Pelleted	Prevents ingredient separation, supports consistent nutrient and feed additive delivery

IMPORTANT:

This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. Do not allow animals to run out of feed.
2. Provide adequate bunk space for each animal. Feeders/bunks should be well protected and managed to prevent accumulation of fines and wet, moldy feed.
3. When making a ration change, allow 7-10 days for animals to adjust to the new ration.
4. Provide a source of fresh, clean water at all times.
5. Provide mineral and salt free choice.
6. In groups of cattle, there are certain animals that experience chronic bloat or other digestive disturbances and consequently, are poor performers. In addition, excess feed consumption, severe weather changes resulting in erratic feed consumption, and poorly managed feeding practices can increase the incidence of bloat in all cattle. If bloat occurs, please review feed management practices.

USAGE TIPS:

SteakMaker® Grower is a pelleted, moderate calcium supplement designed to be used in growing/finishing rations.

Recommended feeding rates of SteakMaker® Grower supplement is 1.5 pounds per head per day. Thoroughly mix SteakMaker® Grower supplement with the non-medicated ration prior to feeding.

KEY POINTS:

- Use in growing diets containing grains and a variety of forage sources
- Moderate feed rate may help lower cost of supplementation and can support cost of gain
- Provides proper level of vitamins, minerals and feed additives when fed according to label directions
