

WIND & RAIN® STORM® HI-MAG 4 COMPLETE

Specie: Beef

Type of Feed: Mineral

Form of Feed: Granules

General Description: Beef cattle minerals designed to correct mineral deficiencies of the available forage in a highly, palatable, weather-resistant, granular formula. Wind and Rain® Storm® cattle minerals' large particle size and special formulation keeps the mineral from absorbing water and blowing out of the feeder. The Storm® technology provides the ultimate in weather resistance to reduce waste and makes the Wind and Rain® Storm® formula more economical to feed than conventional loose mineral.

PURINA®

WIND & RAIN® STORM® HI-MAG 4 COMPLETE

MINERAL FEED FOR CATTLE ON PASTURE

GUARANTEED ANALYSIS

Calcium (Ca), (Min)	12.15 %
Calcium (Ca), (Max).....	14.58 %
Phosphorus (P), (Min)	4.00 %
Salt (NaCl), (Min)	15.75 %
Salt (NaCl), (Max).....	18.90 %
Magnesium (Mg), (Min)	10.00 %
Potassium (K), (Min)	0.10 %
Manganese (Mn), ppm (Min)	4800
Cobalt (Co), ppm (Min)	18
Copper (Cu), ppm (Min)	1200
Iodine (I), ppm (Min)	60
Selenium (Se), ppm (Min)	27
Zinc (Zn), ppm (Min)	3600
Vitamin A, I.U./lb, (Min)	75000
Vitamin D, I.U./lb, (Min)	7500
Vitamin E, I.U./lb, (Min)	75

DIRECTIONS:

Feed this product free choice to cattle grazing green, fast-growing forage. Feed this product 1 to 2 weeks before cattle are placed on pasture. Optimum intake is 4 ounces per head daily.

CAUTION:

DO NOT FEED TO SHEEP DUE TO HIGH LEVELS OF SUPPLEMENTAL COPPER. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death. This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed. USE ONLY AS DIRECTED

INGREDIENTS

Note: ingredients differ by manufacturing plant

Calcium Carbonate, Salt, Magnesium Oxide, Processed Grain By-Products, Dicalcium Phosphate, Monocalcium Phosphate, Vegetable Oil, Plant Protein Products, Manganese Sulfate, Zinc Sulfate, Sodium Selenite, Mineral Oil, Lignin Sulfonate, Molasses Products, Basic Copper Chloride, Colored with Iron Oxide, Natural Flavor, Artificial Flavor, Vitamin E Supplement, Vitamin A Supplement, Ethoxyquin (a Preservative), Ethylenediamine Dihydroiodide, Vitamin D3 Supplement, Cobalt Carbonate.

Available Options:

Product No.	Package	Size Diameter	Feeding Rate
3010063-106	Bag	Granular	4 oz./hd./d

Product Features:	Product Benefits:
Balanced Mineral and Vitamin Nutrition	- Contains essential macro and trace minerals at proper levels and ratios to address mineral deficiencies inherent in forages to meet cattle nutritional requirements throughout the year - Provides vitamin supplementation as forages are deficient in vitamins - Supplemental vitamins A, D, and E to support optimal health, fertility and growth
Formulated with 10% Magnesium	Supports the prevention of grass tetany
Consistent Consumption	- Tested at the Purina Animal Nutrition Center to ensure mineral is consumed by cattle at target level critical to supply cattle with the daily nutrition of essential minerals and vitamins - Our research team evaluates and tests mineral ingredients to assure they are consumed consistently from animal-to-animal and day-to-day Free choice mineral formulations that are refused by cattle can decrease performance, and those that are consumed at excessive levels could lead to increased out-of-pocket cost for the producer
Weather Resistance with Exclusive STORM® Formulation	- Patented STORM® formula minerals are developed to resist the elements, not digestion. - Unique manufacturing process prevents clumping/bricking and allows Wind and Rain® mineral to remain palatable even after it becomes wet
Large Particle Size Ingredients	Resistant to wind losses and rain damage to protect investment in mineral and help achieve performance and profitability goals

IMPORTANT:

Follow these management practices:

1. Cattle receiving phosphorus deficient diets may over-consume this product when it is first offered.
2. Place the mineral feeder near the water supply or in the animals' loafing area.
3. Put out fresh mineral at least once per week.
4. Feeding free choice salt is not required with this mineral.
5. Provide fresh, clean water near the feeding area.

Purina Wind and Rain® Cattle Minerals Uniquely Formulated to Provide:

Bioavailability – easy to absorb

Palatability – cattle love the taste

Predictability – cattle consume correct levels and balance of minerals and vitamins

Weatherability – reduce waste and optimize consumption
